NEW BALANCE			\$1,472.07

Time to Pay

If you make only the Minimum Payment each month, we estimate it will take 12 year(s) and 11 month(s) to fully repay the outstanding balance. Our estimate is based on the New Balance shown on this statement and your current credit card account terms.

Important Information about your RBC® Credit Card Statement

We have made a change to our monthly credit card statements which affects how your credit card number appears.

For increased security and protection against fraud and identity theft, your card number is now masked. This means the first six digits and last four digits will continue to remain visible, but the rest of the digits have been replaced with asterisks, for example: 1234 56** **** 5678.

With your card number no longer fully visible on your statements, please remember to have your credit card ready when you call or go to a branch should you need to make reference to your card number.

For any questions, please call us at the phone number provided in the "CONTACT US" section of your statement.

INTEREST RATE CHART

Rate (%)	Remaining Balance**	Expiry Date
19.99	\$1,472.07	

** The "Determination of Interest" section on the back of your statement explains how interest is charged and how you may avoid interest charges on purchases and fees and the "Applying your payments" section explains how payments are applied to the Remaining Balances shown above.
